APRIL TO JUNE 2014 QUARTER COAL PRICE NEGOTIATION

Price negotiations for the April to June 2014 quarter for metallurgical coal exports from Wesfarmers Resources' Curragh mine in Queensland's Bowen Basin have now been concluded with the majority of customers.

For the April to June 2014 quarter, the weighted average US\$FOB for new contract prices of Curragh metallurgical coal (hard coking, semi coking and PCI) will decrease by approximately 16 per cent as compared to the January to March 2014 quarter prices. Approximately 75 per cent of deliveries in the April to June 2014 quarter are forecast to be at the new contract prices with the balance at carry over prices, and subject to actual contract deliveries for the April to June 2014 quarter.

Managing Director of Wesfarmers Resources Mr Stewart Butel said the coal pricing outcome for Curragh's range of metallurgical coals was in line with recent market price settlements.
