Wesfarmers has appointed leading commercial lawyer, Mr Paul Meadows, as Group General Counsel. He will have responsibility for overseeing all of Wesfarmers' legal matters and will serve as a member of the group's executive committee and leadership group.

The appointment was announced today by Wesfarmers Managing Director, Richard Goyder, as part of an organisational restructure.

Wesfarmers Resources Managing Director, Stewart Butel, will now report directly to Mr Goyder.

Mr Goyder also announced the establishment of a management committee to ensure co-ordination between Kmart and Target on strategic issues, property matters, human resources and other areas of common interest.
